La MaMa Spoleto Open is the *Fringe* event of Spoleto, from **June 30th to September 15th 2012**. A long summer program that helps the City to open and become alive, offering a creative environment where one can discover new talents and meet interesting forms of art. As a special fringe event of the **Festival dei 2Mondi Spoleto**, La MaMa Open aims to involve and give visibility to emerging artists in the international art scene and to preview new projects developed by more established artists, during periods of creative residency in Spoleto. La MaMa Spoleto Open is becoming an eagerly awaited appointment for the festival's audience, for many professionals searching to discover new talents and for those artists who wish to present their work in the context of this important international festival.

In 2012 the festival will take place throughout the summer from late June to mid September. The call for proposals is open to every kind of artistic event: individual artists, dance companies, theater, urban and street artists, musicians, buskers, videographers, musicians, DJs and VJs, performers, dancers, designers and visual artists.

SPACES AND TECHNIQUE

The spaces (outdoor spaces, unconventional places, small theaters, galleries, etc..) vary depending on the period and availability.

From June 30 to July 15, the spaces available are mostly alternative and unconventional spaces.

From 16 July to 15 September, the organization will also arrange conventional theater spaces.

The organization will assist the companies/artists in finding a space, according to availability and the needs of the artists. Some spaces will be equipped with minimal lighting and sound equipment. Any other additional requirement, in terms of personnel and equipment, will be sustained by the company.

ADVERTISMENT AND COMMUNICATION

The organization will advertise and communicate all projects and events included in the La MaMa Spoleto Open, giving information for each event as agreed with the artists. It will print a brochure with full details of the timetable and will operate a press office to inform the media of various events. The selected artists will also be promoted on the web site www.lamamaspoletopen.net, which will act as a kind of multimedia magazine, with continuous updates, articles, videos, trailers and photo galleries.

In order to make participation at La MaMa Spoleto Open as profitable and meaningful as possible, it is important that every artist or company puts a special effort in advertising and promoting their participation, prior to the arrival in Spoleto and also during their stay. Usually, the success of the participation depends greatly on the commitment and originality that is used to communicate the event, searching for unconventional and surprising alternative ways.

We encourage groups and artists also to produce any type of promotional and advertising material (posters, postcards, brochures, etc.), previous agreement of the organization that has to give permission to use the festival's logo.
